About This Game

There are dark places in the world inhabited by evil denizens. Places filled with danger and foreboding where no ordinary man would dare to journey. However, there are a few who are willing to risk death in the name of good, in the name of justice, in the name of.. valuable loot!

Hack, Slash, Loot is a single-player turn-based dungeon crawler. Take control of a lone hero and explore sprawling dungeons, fight dangerous monsters, and most importantly, plunder valuable treasures. With a new dungeon created every game you can be sure that no two playthroughs will ever be the same. Boasting easy to master controls you'll be adventuring in no time, but there is still enough depth to challenge the most hardened of adventurers.
